From: 
Kevin Reinertson, Regulations Coordinator
Office of the State Fire Marshal

Subject: Regulation Approval Request-Response

This letter is in response to amendments proposed by the California Energy Commission (CEC) as required pursuant to Health and Safety Code (H&SC), Section 18930(a)(9), *"The proposed building standard, if it promotes fire and panic safety as determined by the State Fire Marshal, has the written approval of the State Fire Marshal."*

The State Fire Marshal reviewed the following proposed revisions to regulations to Title 24, Part 1 and Part 6, 2013 Building Energy Efficiency Standards. As a result, the Office of the State Fire Marshal finds no conflict in the proposed changes and therefore, approval is granted.
